

Teo 9104 IP Phone

The Teo IP Phone 9104 is a feature-rich desk phone for the modern office. It includes an intelligent DSS key-mapping display to increase enterprise users' productivity at a cost-effective price. The IP Phone 9104 features two color displays, one of which is used to assign a user's choice of system function. This innovative design eliminates the need for costly and space wasting add-on modules.

“Teo solutions are designed to be extremely powerful yet highly intuitive.”
